

## "This is no night to stay home"

What if it does storm! What's that to you?  
The motion picture theatre is open.

ALL the difference between the sullen drip from the eaves and the flutter of leaves in a sunny patio beyond Seville.

All the difference between the monotony of a dull book and the lively creak of saddle-leather between your knees.

All the difference between seven o'clock this bleak evening and a hot noon ten years ago, when palm fronds rustled in the soft trade-wind.

All the difference between Number 7 Maple Street

and the sail-shaded deck of an island schooner creaming through the blue of the seas of the South.

How far away? How near is the nearest of the better theatres, with the relaxation of its sociable chairs, its genial warmth and happy swing of music?

Paramount Arcraft Pictures are there. That is why it is a better theatre.

Your kind of people, who know life and treasure romance, made Paramount Arcraft Pictures possible—and Paramount Arcraft Pictures made that better theatre possible.

## USES COMMON YELLOW MUSTARD FOR CHEST COLDS AND SORE THROAT

Old-Fashioned Simple Home Remedy  
Much Used by Doctors and Nurses  
for Inflammation, Congestion,  
Aches, Pains and Swellings.

Mustard, real yellow mustard, the kind you use at home, is being used more than ever to banish distress and misery and free mankind from agony and suffering.  
Not very long ago people used to make yellow mustard into a paste, spread it on a cloth and apply it to that part of the body where pain or inflammation was present.  
It surely did do the work it was expected to do, but it was messy and bothersome and often blistered the skin.  
People still use yellow mustard when they get a cold in the chest or have pleurisy, lumbago or rheumatic pains and swellings.  
But nowadays they buy this yellow mustard in condensed form all ready for use for something like 30 cents a box and find it much better, cheaper and cleaner than

mustard plasters.  
This yellow mustard preparation, which is known to millions as **Prep's Mustardine**, is sold at drugstores all over America and one box will do the work of 30 mustard plasters, and it cannot blister the tenderest skin.  
Beecham's Mustardine is the original mustard preparation used to take the place of blistering mustard plasters and is known among druggists as the quickest painkiller on earth. It will pay you to keep a box of Beecham's Mustardine in the house, for it is good for so many ailments that you will need it often. Just rub it on, that's all you have to do, and headache, backache, cramps and toothache will disappear almost instantly.  
Don't fail to use it for neuritis, neuralgia, sciatica, lumbago, gout and rheumatic pains and swellings.  
You will quickly find that there is nothing so good for sprains and strains, sore muscles, stiff neck and cramped legs.  
Heat, aches and pains, Beecham's Mustardine, made of real yellow mustard with other helpful ingredients added, contains more concentrated, non-blistering heat than can be found in any box the same size.  
Just try a 3-cent box—you'll praise it to the skies as millions are doing every day. Always in the yellow box.—Adv.

Dear Hunters Report Killings of Deer in This Vicinity.

Leon Claffin of Bennington, N. H., who shot a deer in that state during the open season, then came to Hancock, his native town, for a visit and while there killed a big one. Perhaps the two finest deer coming to one family this season were two large bucks killed in Plymouth by E. N. Stackpole and George Stackpole, father and son, of Barnard. Francis Campbell of Barnard shot a small doe. The Benedict hunting party came back from "Bingo" with three deer, claimed by Burton B. Benedict, Clyde E. Benedict and their cousin, Morton Little of Chelsea. One was a large doe, another a small doe and the third a buck of good size. Daniel A. Abbott captured a large buck on the A. D. Rindge farm Saturday, having wounded it Friday, after which it swam the White river and then returned to its former haunts. About the largest deer seen here this season was one weighing 200 pounds shot in Rochester by John Race of Randolph, which passed through this place by express. Out of the state hunters making good captures on the last day of the season were H. L. Pray of Middletown, Conn., who took with him a large doe, and Walter E. Darling of Boston, who captured a good-sized buck, both in Rochester. Glenn Twitchell, hunting alone on Paul's peak in this town, narrowly escaped an accident when, carrying his rifle in one hand and a rabbit in the other, he stumbled upon a rock, his rifle being discharged by the impact, and a 30-30 ball penetrating the ground a few inches from where he lay. A party of three from Newport came down from Rochester yesterday, each with his deer, all fair-sized ones, averaging about 120 pounds. The men are D. Murray, A. Morse and G. O. Ellis.

Mrs. Frank Biathrow of Montpelier is at M. T. Merrill's for a few days. South Royalton high school will play basketball with Whitcomb high school Wednesday evening.

Mrs. Eleanor U. Reed of Boston is visiting her son, C. O. Reed, at his farm. Mrs. Fred A. Marsh is suffering from a serious sprain of the arm and bruises resulting from a fall on the ice near her home Saturday. She was crossing the branch on the ice with an armful of evergreen. Dr. F. A. Edmunds attended her.

The White River Valley Telephone company has filed with the public service commission a new schedule of prices running from \$1.50 a month for a rural line to \$2.50 a month for a business individual line. The prices are for a residence individual line \$2.25, for a two-party business line \$2, two-party residence \$1.75, four to six party line, business \$1.75, residence \$1.50.

Mrs. F. R. Slader of Burlington is here to care for her sister, Mrs. E. P. Fisher.

Miss Helen Cook of Montpelier has been visiting Mrs. F. E. Martell.

George H. Stackpole has captured two bears and a deer in Plymouth this season.

D. L. Chadwick of Randolph, a large real estate owner in this village, was here last evening and sold one of his houses to J. Howard Myott, who had occupied it for some time. Mr. Chadwick at present collects rent from 15 tenants here.

Mrs. J. Howard Myott and her son, Woodrow, came to their home yesterday from the sanatorium.

A son was born Dec. 5 to Mr. and Mrs. Eli Lowry of East Barnard. The new baby is the 16th child of his parents and all are living. There are nine boys and seven girls.

The fire company was called out last evening about 5:30 by a fire alarm which proved to be false but not intentionally so. A bright electric light outside the Standard Oil company's barn reflected in the mist upon the roof of E. H. Perry's house and surrounded it with such a halo that someone, feeling sure it was a fire, rang in the alarm. On arriving at the scene the firemen themselves were deceived and, thinking they had a big fire on their hands, the officers ordered another alarm and a supply of extinguishers. An anxious crowd gathered, which turned to a very happy crowd when the real facts were learned.

Government supervision of railroads is enforcing a remarkable quality of service. The local ticket office was notified by telephone to have hot water for a lady passenger on the mail train. The water was procured and was used to warm up the bottle of milk for the woman's baby.
